

MISSION POSSIBLE

THE UNITED CHURCH DOWNTOWN MISSION NEWSLETTER Fall 2010

Mission Opens Concession Booth

In November the Mission will expand it's Culinary Apprentice Program by manning the food concession booth at Charles Clarke Square. Two of the three cook trainees from our first class have obtained jobs. The third is waiting for approval of a grant to a non-profit for a day care cook.

Our cooks will operate the booth adjacent to an outdoor skating rink on University Avenue on Thursday, Friday and Saturday evening starting in November. This will give our cooks more experience and hopefully improve their employability. The Mission is also attempting to formalize a link with St. Clair College's Culinary School.

Hopefully the hours our trainees spend in our program will qualify for apprenticeship credits. So, if you are downtown for an event some evening drop by and order from our food booth.
