OF THE YEAR

As February's bitter winds cut through Windsor-Essex, most of us will retreat to the warmth of our homes, sharing meals with loved ones and wrapping ourselves in comfort. But for too many in our community, this is not their reality.

For them, the cold is relentless. Sidewalks serve as beds, icy winds pierce through layers of worn clothing, and hunger is a constant companion. **This is the harsh reality faced by our neighbors, the hungry, the hurting, and the homeless.**

If just **1,000 friends** from Windsor-Essex **raise or donate \$100 each**, we'll reach our goal and provide life-saving food, shelter, and hope to those in need. Your support can mean a hot meal, a safe bed, and the chance for someone to believe that brighter days are ahead.

On February 22, 2025, walk with us to show them they're not forgotten. Every step you take will help us bring life-saving support to those in need right here in Windsor-Essex.

"Every freezing minute feels like an hour as I lay on the cold, unforgiving ground, wondering if tomorrow would be any different."
